Dr. J. COLLIS BROWNE'S CHLORODYNI

(Ex Army Med. Staff)

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION. - Vice-Changellor Sir W. P Wood stated that Dr. Collis Browne was undoubtedly the Inventor of Chlorodyne, that the story of the Defendant, Freeman, being the inventor was deliberately untrue; which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's. See Times, July 12, 1864.

The public, therefore, are cautioned against using any other than DR. J. COLLIS BROWNE'S CHLOBODYNE.

REMEDIAL USES AND ACTION. This invaluable remedy produces quiet,

refreshing sleep, relieves pain, calms the system, restores the deranged functions. and stimulates healthy action of the secrations of the body, without creating any of those unpleasant results attending the use Overworked Brain, Worry, Anxiety, Excitement, of opium. Old and young may take it at all sands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most exten-

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma. CHLORODYNE effectually checks and arrests those too often fatal diseasesdiphtheria, fever, croup, ague. CHLORODYNE acts like a charm in diar-

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms. CHLORODYNE is the only palliative in

neuralgia, rheumatiam, gont, cancer, tooth-

ache, meningitis, &c. EXTRACTS FROM MEDICAL OPINIONS. The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of

any service in Cholera was Chlorodyne,-See Lancet, Dec. 31, 1864. From A. Montgomery, Esq., late Inspector of Hospitals, Bombay :- "Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other

remedies had failed." Dr. Lowe, Medical Missionary in India, reports (December 1865) that in nearly every case of Cholera in which Dr. J. Collis BROWNE'S CHLORODYNE WAS administered,

the patient recovered. Extract from the General Board of Health, London, as to its efficacy in Cholora. -" So strongly are we convinced of the immense value of this remedy, that we exaunt too forcibly urge the necessity of adopting it in all cases.

See leading article, Pharmaceutical Jour-. Collis Browne was the inventor of Ohlorodyne; that it is always right to use his preparation when Ohlorodyne is ordered. CAUTION .- None genuine without the words "Dr. J. Collis Browns" on the testimony accompanies each hottle.

We cannot think he does believe this, for struordinary things" and "spiritual beings, on which "the Master did not talk the beginning of sentences and in the middle of sentences, the expression + H, "The Master said," which the advocates of Confucian authorship are obliged to pronounce to be an interpolation. The words may indeed have been loisted in by the real compiler, but that they were interpolated in a genuine composition of Confucius is not very credible. But our last proof is decisive. Brd. in the second Lecture (p. 139) we read, one case occurs to me in which he" (Confucius) "used the personal and relative name (Ti) "excepting when he was quoting from the old books." That case is in the motto chosen for the first Lecture, and is taken from "The Doctrine of the Mean." But Ti is used also in the appendices to the Yih-king; therefore they are not believed by the Leeturer to be by Confucius. While we are still lett to grope in Canon McClatchie's "Dark-

The Post Office reserves the right of selecting the opportunity for transmission, and of delaying delivery in case the number of parcels is such as to retard other correspondence. No responsibility is accepted with regard to any parcel, but the system of Registration will secure the senders against any but a very remote probability of loss.

4. The public are cautioned not to confound these facilities with a Parcel Post to Europe, &c., which does not exist.

Most countries to which Hongkong forwards Correspondence having joined the General Postal Union or being probable about to do so, it is necessary that the following rules be strictly observed.

1. No Lotier or Packet, whether to be registered or u registered, can be receive for Postage if it contains gold or silver money jewels, precious articles, or anything that as a general rule, is liable to Custon

2. This Regulation prohibits the sendiof Patterns of dictiable articles, unless the quantity sent be to small as to make the sample of no value.

PATTERNS.—Some difficulty is experiences in obtaining a general understanding of what is a Pattern. It is a bond fide sample of goods which the sender has for sale, or of goods which he wishes to order. It is to consist of the smallest possible quantity compatible with shewing what the goods are, and must have no intrinsic value.

To provide means of remitting small tume of money to or from this Colony and between the Ports of China, the Postmasters and Agents are allowed (but not required) to purchase Hongkong Postage Stamps from foreign residents.

Between Hongkong and Yokohama, how ever, in either direction, Money-Orders

must be used. The Stamps tendered for sale must not exceed \$50 in value, must be perfectly clean, in good condition, and in strips of at least two as no separate Stamps will be purchased. They must be presented pertonally or accompanied by a note

The Postmaster or Agent may postpone ourchasing if his public funds in hand are not sufficient, and he will refuse to purchase in any case which appears doubtful or suspicious. He is allowed to charge a Commission of one per cent on all Stamps
